Learners from Lucknow	36
Learners from Indore	43
Learners from Aurangabad	47
Partial list of companies where our learners are placed	53

All of the stories recorded in this booklet are true stories. These beneficiaries are part of the larger demographic dividend of the audience that Standard Chartered plans to skill and then bring into the mainstream workforce of the country. Although this booklet is intended solely for readership, it also intends to shed some light on the potential transformation that a little effort from Indian corporates can make in the lives of those who are underserved. This booklet and contained stories and data also aim at motivating other youth out there in similar situations to educate themselves and become part of the workforce; thereby building sustainable career paths for themselves.

“Exponentially large number of the educated, working population in the country today, have little or no skillset, making them largely unemployable. Skill Development Activities through capable corporates is just one of the many channels through which bridging the gap in demand and supply of skilled manpower across all industry sectors and business verticals can be achieved.”
EduBridge Learning CEO, Mr Girish Singhania, said.

THE VISION

As a leading financial institution, Futuremakers by Standard Chartered, was formed to tackle inequality by promoting greater economic inclusion, support disadvantaged young people to learn new skills and improve their chances of getting a job or starting their own business. The sketch of the Standard Chartered Career Development Academies and Programs in Bangalore, Hyderabad, Mumbai, Delhi, Chennai, Aurangabad, Lucknow, Kolkata, Jaipur and Indore to contribute towards bridging this gap, was thus, prepared.

“As the oldest international bank in India, we at Standard Chartered are highly invested in the country's economic and social growth. We joined hands with EduBridge, a leading workforce development organization, and NGO Partner, Udyogini, to build the capacity of the unskilled and unemployed youth of the nation in the BFSI Sector and bridge the skill gap of the nation while also targeting issues like unemployment and poverty. The idea is to transform lives of thousands of youth by building readiness among them on emerging skills for BFSI sector related job roles that will be relevant today and tomorrow. We believe everyone deserves the opportunity to realize their potential.”
Standard Chartered Bank, Head of Sustainability, Karuna Bhatia said.

ABOUT THE PROGRAM AND OFFERINGS

The Program designed to train 3500 beneficiaries through Standard Chartered Career Academies and 1000 beneficiaries through College Outreach programs in these locations. It offers technology driven, interactive, short-term, employment-linked, BFSI sector skill training as well as helps enhance the personality of the beneficiaries through Soft Skills and Life Skills sessions. At the end of the course, successful candidates are then placed in various corporates across India with salaries way above minimum wages.

TURNING VISION INTO REALITY

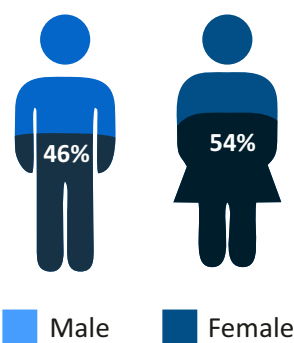

With 4500+ beneficiaries that were enrolled for the program in different locations, the Program was able to place 1800 candidates in jobs, despite the pandemic. Beneficiaries are gainfully employed with leading recruiters in the industry with salaries between INR 1.2 – 1.8L per annum and most of these candidates have witnessed more than 50-100% increase in their annual household income. Sustainable Careers with leading recruiters truly transform the lives of the beneficiaries. The impact of the intervention is also visible through their enhanced employability and aspiration quotients in all of the beneficiaries.

THE STORY CONTINUES...

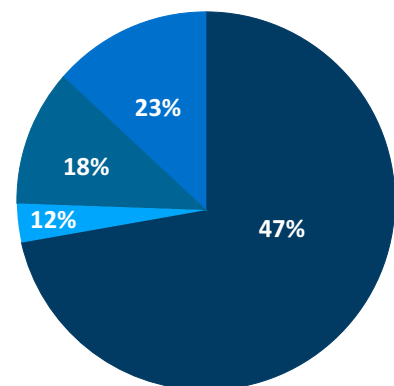

Through this program, Standard Chartered, Udyogini and EduBridge together, have already influenced and will continue to influence the entire Career Development Process of the youth. From counselling the candidates, to training them, to placing them on jobs and assisting them in settling in their new job environment; this program covers all the aspects, ensuring great outcomes and a truly impactful program. The stories you are going to experience herein onwards are the true advocates of this intervention.

So let's experience the journey of some of our beneficiaries through their own stories!

EXPERIENCES OF SOME OF OUR LEARNERS —————

- PRATIKSHA KASTURE

I am Pratiksha Kasture and I live in **Nashik** in a small, nuclear family. My father runs a butcher shop, my mother is a housewife and my younger brother is pursuing his studies. After graduation, I was a little lost on what I could do next: job or further studies. Infact, my dad was struggling financially and being the eldest one he was expecting that I be part of the business. Selling meat wasn't something a timid and shy girl like me was designed to do I felt. While exploring options, I got to know about the course sponsored by Standard Chartered and EduBridge through my best friend. I enquired about the details at the Academy near me. As the course included training not only in domain skills but also interpersonal skills, I thought of enrolling myself and start exploring job opportunities instead of pursuing higher studies.

Being a fresher and having no practical knowledge about any industry I was scared about my career ahead. I knew the challenges coming my way and wanted to prepare myself but I just didn't know how to or where do I start. My friends did give me a few tips on how to open conversations, how to approach strangers, etc. but being shy, I never really pushed myself to do it.

I scored pretty well in all my assessments, hence I was high on confidence. We did so many mock interviews that I felt ready to face the questions in the actual interview rounds when they happened.

I still remember on the first day of the training program I was so nervous and started to have second thoughts on enrolling for the course. But as the training progressed, I started understanding and learning about different industry tools and developed on my soft skills. I learnt on how to conduct myself in a professional manner. The activities conducted during the training and this helped me gain confidence and improved my presentation skills. Gradually, I got comfortable with other batch mates from time to time. I scored pretty well in all my assessments; hence I was high on confidence. We did so many mock interviews that I felt ready to face the questions in the actual interview rounds when they happened. I could not stop noticing that I was not the same shy person who was nervous about even starting this course in the first place.

I now proudly introduce myself as Pratiksha Kasture, a Business Development Executive at IndusInd Bank Ltd. I earn an annual package of INR 1,92,000 with which I support my family and help my father to manage our household expenses. The day I was selected for the job, my mother was very emotional and happy! She hugged me and told me how proud she was of me. My father, was really happy too and mentioned that I no longer had to be a part of the butcher business and can support my siblings in taking a similar career paths and work towards a brighter future.

COURSE ENROLLED: Business Correspondent and Business Facilitator

PLACED WITH: **INDUSIND BANK**
DESIGNATION: **BUSINESS DEVELOPMENT EXECUTIVE**
JOB LOCATION: **NASHIK - MAHARASHTRA**
ANNUAL SALARY OFFERED: **₹ 1,92,000**

- SALMAN KHAN

My name is Salman Khan and I am 29 years old. I reside with my parents in **Thane**. My father works as a Security Guard at a building nearby while my mother is a homemaker. I have completed my graduation in Commerce. I have always been creative by nature and love listening to music and playing cricket.

My father is a hardworking man and at times even works two continuous shifts i.e. morning and night to earn extra money. When he started falling ill, my entire family asked him to stop working so much and exerting himself beyond repair. But we all knew that his double shifts made it possible for us to survive and have food on the table. I felt so helpless at the time. Even after completing my graduation when I was desperately looking for a job, I was unable to find any for several months and didn't know what was really wrong with me for being rejected from so many jobs. I was really worried about my dad's health and my family's future. One day I received a call from the Counselor at EduBridge and got to know about the placement linked course at the Standard Chartered Career Academy near my home. This placement linked course opportunity meant I could get a job somewhere through EduBridge at the time. I wasn't keen on the course, I only joined it because I was desperately looking for a job then.

The program was designed in such a way that it helped identify where I was faltering and then the trainers made me feel comfortable and cleared all my doubts on a regular basis. Slowly, it felt like I was starting to change and grow positively.

Initially, I was also a little apprehensive about online classes. I didn't know how effective these will be and whether the trainers and other staff at the Academy could even help identify what was wrong with me in terms of clearing an interview and finding a job. I expressed my concern of being rejected at various prior interview attempts during enrollment to the course but till the time domain knowledge sessions were going on, I didn't really understand how things will go during the interview phase later. To my surprise, the domain based sessions taught us a lot about the latest stuff in the banking and finance sector which I wasn't aware of. I also observed that the soft skills sessions tied in perfectly with the training, and slowly allowed me to work on my weaknesses. With various assessments we took in different skills aspects, I was told that I need to polish my communication as well as be more confident about the industry knowledge and tools that I have learnt during this training. The program was designed in such a way that it helped identify where I was faltering and then the trainers made me feel comfortable and cleared all my doubts on a regular basis. Slowly, it felt like I was starting to change and grow positively. I couldn't wait for the interview phase to begin. When it did happen, we did so many mock interviews and with every session and feedback I received, I only got better.

Few interviews were curated and arranged for based on my aptitude and interest. I am now employed as a Customer Service Representative at Airtel office in Mumbai. I am also able to support my family financially and help my father to manage our family savings. He has now stopped doing double shifts and is physically also recovering slowly.

COURSE ENROLLED: Business Correspondent and Business Facilitator

PLACED WITH: **AIRTEL**
DESIGNATION: **CUSTOMER SERVICE REPRESENTATIVE**
JOB LOCATION: **THANE - MAHARASHTRA**
ANNUAL SALARY OFFERED: **₹ 1,44,000**

- DIPALI UBALE

I am Dipali Ubale, a 23-year-old, Commerce Graduate. I live at **Ambarnath in Mumbai** where my father runs a small business. I belong to a lower-middle-class family whose income was always relatively low for a family of 4. Being raised in smaller place, you learn to make your own private world amidst a lot of chaos. Also, since my parents couldn't afford any additional expenses, I barely made it through Graduation by working part time wherever I could to earn some money. Books always helped me escape all this chaos and worry. I developed a love for reading.

I have always been an introvert and interacting with people was always a challenge. However, the world of books opened me up to so many different ideas that I always imagined myself in a different setting and in another world where I was an independent women who could be confident enough to live alone and still be successful at making friends and interacting with other people. But I knew that books were not the reality. I had to do something to change this and break out from my shell. I wanted to build a career for myself and as years went by, I realized I had to change. Being a fresher and having no proper guidance, I did not know what to do. I was always open to exploring new opportunities though and that is how I came across the advertisement that changed my life forever.

Training included various fun learning activities. I slowly was handheld in learning how to conduct myself in front of people, improve my industry knowledge, and also enhanced computer skills through practice.

When I decided to get myself enrolled in the course offered by Standard Chartered Career Academy & EduBridge, I contemplated hard on whether I could do it. I had many questions in mind. Some of them were answered before the course commenced and some during the training itself. Training included various fun learning activities. I slowly was handheld in learning how to conduct myself in front of people, improve my industry knowledge, and also enhanced computer skills through practice. By the end of it, I couldn't believe the journey I took and how far I had come.

I was very shocked at first but felt fortunate enough to get shortlisted as a Student Counselor at EduBridge itself! Me? An introvert? A Student Counsellor? I still pinch myself sometimes to check if this is all true. Also, I now almost earn INR 1,20,000 per annum which not only helps contribute to family expenses but also fuel my reading and travelling hobbies. My parents are very proud of me. I am now an independent girl who very much supports her family.

ANNUAL SALARY OFFERED: **₹ 1,20,000**

- DIPAK SARKAR

My name is Dipak Sarkar. I am 24 years old and reside at **Baranagar, Kolkata** along with my parents and 2 younger siblings. I have completed my graduation from Calcutta University. My father owns a small salon near our home and my mother is a homemaker. Since I am the eldest amongst my siblings, I am an example for them really. I have to be very careful about what I do so I teach them the right things in life too like my parents taught me. My father is a very honest man but his earnings were not enough for 3 growing children and their needs for a proper education. After my graduation, I tried to make sense of the finances and decided to help my father with the household expenses.

I was aware that having only a graduation degree would not be enough to get into a good organization with a good package. I needed something more. Hence I enrolled for and completed a course in Mathematics as that was my area of interest since school. I also heard that people with graphics designing skills could start their own freelancing business and earn extra income from their home. So I enrolled for and also completed a Graphics Designing Course as that was what I thought was the need of the hour. Post completing both the courses I was confident I could get a good corporate job but months passed and I could not find a single job opportunity not freelancing gigs. I started to talk to all my friends while I was unemployed and was looking for a job. I was introduced to the Standard Chartered Career Academy through one of my friends. Post enquiring about the course and what's in it for me, I enrolled for the course because I was in urgent need of a job with a decent salary.

“Through the various mock interview sessions that were conducted during the training period, I was able to gain confidence and was able to clear the job interview rounds.”

With the help of experienced trainers, I improved my overall skillset and become more confident in upcoming interviews. Through the various mock interview sessions that were conducted during the training period, I was able to gain confidence and was able to clear the job interview rounds.

As a result of my trainer's perseverance and my own dedication, I cleared the second interview I appeared for. I now work as a Sales Executive with Axis Securities and my annual CTC is INR 1,20,000. I cannot believe the opportunity was right there and I was worried all the while looking elsewhere!

ANNUAL CTC OFFERED: ₹ 1,20,000

- DEBIKA MONDAL

My name is Debika Mondal and I am 27 years old. I have graduated from Barrackpore Rastraguru Surendranath College and stay at Barrackpore North 24 Parganas in **Kolkata** with my in-laws. My husband is a Service worker, and we now have a 2-year-old mischievous, cute little son. Life was perfect otherwise.

I was a working woman even before marriage. But when I got married, I quit my then job as it was too far and traveling late in the evenings back home was a safety concern for my husband and in-laws. I soon conceived and became a mother after which it took 2 years to finally get some time to breathe and think what I wanted out of life. Slowly, with increasing expenses from the addition of a new, cute little, family member, my husband's income was not sufficient to meet our family needs. So when my son turned 2 years old few months ago, I asked my husband if I could start working again. He was reluctant at first but when I made him understand that a single person's income could not meet all our needs, he agreed. My in-laws were also very supportive and promised to take care of my son in my absence. I then started to search for jobs but I failed to find a good job that could fit my needs. I had time constraints as I had to rush back home and also travelling late evenings was a safety concern. In the middle of all this trying, one day, I received a call from EduBridge informing me about the course sponsored by Standard Chartered at their Career Academy nearby. I discussed this with my family and when they agreed, I enrolled myself for the course. When I first joined the training program, I was very reluctant to talk, to the point where I was even scared to talk to my trainer. I was the only student who was also a mother, in my entire batch.

“Through the numerous fun learning activities conducted during the training and the various mock interviews, I started believing in myself and realized that I can restart my career and work at a reputed organization if I put in enough efforts.”

Slowly and gradually as the training progressed and the trainer and peers made me comfortable, I started interacting with everyone. I worked hard on my communication, aptitude, presentation and interpersonal skills apart from upgrading my domain knowledge from few years ago! I realized that the world had moved ahead a lot in these few years. I started to learn how the banking sector functioned today and gained knowledge about the various banking policies and functions and tools used today.

I am now a proud working professional who contributes to personal expenses without depending on anyone else and additionally provides financial support to my husband and in-laws.

ANNUAL SALARY OFFERED: ₹ 1,50,000

- YOGESH SHARMA

My name is Yogesh Sharma. I have completed my HSC and I live in the **Jodhpur** district of Rajasthan with my parents. My family consists of 6 family members. My father worked as a Service worker and mother was a housewife. We made ends meet somehow. Post my results for HSC, I was confused on what next in life; whether to continue studies or look for a job. While contemplating this, the pandemic hit and affected us badly. My father lost his job and we were all struggling to live as normally as we could. I took up odd jobs and tried to earn some money. This made me realize that further studies didn't interest me much but I wanted to do some short term course and enter straight into the workforce to start earning well.

Being a fresher and an undergraduate, I was worried that my career path won't be that long. I had started to see people with better degrees, more experience and knowledge struggling to survive in their jobs and here I was an undergraduate and fresher. I did not know how to conduct myself in front of people and I did not understand the professional attributes of a corporate job even if I landed one somehow. My family's future was in my hands now being the eldest. All were now dependent on me, and being a responsible son, I had to take care of all their needs.

“Post counseling at EduBridge I decided to join the Business Correspondent Business Facilitator course in Jaipur. My trainers were very supportive and helpful throughout the course. They always motivated me and pushed me to achieve more each time I failed.”

Through my friends, I was contacted by the EduBridge team. Post counseling at EduBridge, I decided to join the Business Correspondent Business Facilitator course in Jaipur. My trainers were very supportive and helpful throughout the course. They always motivated and pushed me to achieve more each time I failed. Their continuous guidance and support helped me improve my communication skills, professional etiquette, and overall personality. I was regular to the class, participated actively and supported other classmates who were hesitant to participate.

I am extremely happy that I made the right decision to enrol in this course as I have found a tremendous change in my overall personality. I observed during the training, that slowly my communication skills, industry knowledge, and behavioral skills improved. I can now proudly introduce myself as a Branch Relationship Executive at SBI Cards & Payment Services. I earn INR 1,62,000 per annum and able to support my family's needs. I am really happy and not a bit worried about my future now!

COURSE ENROLLED: Business Correspondent and Business Facilitator

PLACED WITH: **SBI CARDS & PAYMENT SERVICES**

JOB LOCATION: **KOTA - RAJASTHAN**
ANNUAL SALARY OFFERED: ₹ 1,62,000

- PRIYA SHARMA

I am Priya Sharma. I live in **Jodhpur, Rajasthan** with my family consisting of 9 members. We are a huge family that way! We all love and support each other but with my father becoming unemployed during the pandemic and uncle being the only earning member in the family, I knew times were tough ahead. Since I was a fresher, I did not have any practical work experience. Hence I was worried about my career and about supporting my family. One day, through one of my friends, I got to know about the courses sponsored by Standard Chartered and EduBridge. I decided to inquire.

As the course included training not only in domain but also foundation skills, I knew that it would help me improve my overall confidence level and help me with exposure to industry insights, and what to expect when I get a job, I thought of enrolling with the idea of upskilling myself and getting job-ready. I knew I had to start somewhere to move up the ladder and be successful in life.

“ I participated in all the activities like group discussions, mock interviews, resume building, etc. conducted during the training course which improved my overall skills. ”

I participated in all the activities like group discussions, mock interviews, resume building, etc. conducted during the training period which improved my overall skills. I scored well in all the assessments which in return gave me confidence and motivation to keep going with other modules and assessments. All through the course, a constant thought was how will all this tie in at the end to help me find a job? As a fresher, what are the chances of me getting placed in a good corporate or organization with a good salary? The Placement Manager helped answer all these queries for us and all the mock interviews helped in facing our actual interviews confidently. I knew there was some hope at the end of the tunnel and that I had to just power through.

I could never imagine that my life would change so much due to one small decision. I can now proudly introduce myself as a Team Leader working with Lotus Technology. I have an annual package of INR 1,45,000/- and I am leading a team of 10 consultants directly reporting to me! I am glad that finally, I can relieve some amount of stress my parents had by supporting them financially and look forward to a similar career trajectory for my siblings!

- ASHWINI KHARAT

I am Ashwini Kharat from **Aurangabad**. My father was a farmer and mother used to help him out whenever she could. They got me married early on since for people who live in such semi-urban areas, even today, a daughter being married off in a good family at the right age is a matter of responsibility for the parents. I was born and brought up in such a family so I was prepared for an early marriage. But I also knew that after getting married, I wanted to do something with my life and not just be a housewife. My parents are very close to me and understood my expectations. I was then married within that year. I now live with my husband and mother-in-law in Aurangabad itself. My husband and mother-in-law were very supportive of my career right from the start. I was really happy there. I decided to pursue further education after discussing it with my family.

Initially, I was a bit skeptical about the online program but after discussing with my family and friends I decided to visit the nearest Standard Chartered & EduBridge Career Academy for understanding details of the program solely out of curiosity. I decided to enroll for the course nonetheless. I had this challenge of travelling 13kms on a daily basis to attend the training at the Academy. I was also aware of my weaknesses like professional grooming and communication skills which are the basic requirement of any job today. Since I wanted to improve on them as soon as I could and also progress in my career, with motivation from my family, I travelled when I had to while doing revision on my phone while travelling to the Academy.

“ I worked on my communication skills & improved them during the training sessions with the help of the trainers. I also learned about professional grooming which helped me be job-ready. ”

I was always ready to learn new things in the training sessions and was up for implementing them right away. My attendance was 99% and I scored B+ Grade in my final assessment! I proactively participated in all the training activities and was a dedicated student all through. I made sure to complete all my assignments and submit them on time whether virtual or physically. I worked on my communication skills and improved them during the training sessions with the help of the trainers. I also learned about professional grooming which helped me be job-ready.

I now work as a Sales Executive in AK Finance with a package of INR 1,20,000 per annum. I didn't want to work for money but I want to grow in this sector now. I imagine myself being a Boss Lady someday and this I believe is just the first step towards the same.

- VAISHNAVI WAGHMARE

I am Vaishnavi Waghmare. I am 21 years old and I live in **Aurangabad**. I belong to a lower middle-class family. I live with my parents and 5 younger siblings. My father and mother are farmers and they try their best to make ends meet for all of us. Being the eldest child, I knew I had certain duties towards my parents and responsibilities towards my younger siblings which had to be fulfilled. My family situation did not leave much room for my further education.

My day started and ended surrounding my responsibilities. I could only manage to complete my HSC amongst all this. That led to less exposure to the world and I started to worry about being able to fit into this mould of a confident woman who can work a corporate job with confidence. Since I was a fresher, I did not get the chance to interact with many people professionally. I was extremely shy and lacked interpersonal skills due to which I hesitated in all type of conversations. I felt worried about my younger siblings all the time and knew I had to be a role model for them. I didn't know what to do, where to start. One of my cousins advised me to enroll in the Business Correspondent Course sponsored by Standard Chartered Career Academy and said it could help. So I decided to explore it.

“ During the training, I was very curious about the banking and finance sector and recognized it as my main area of interest. The trainer gave us meaningful insights about the same which helped me gain immense knowledge and helped me be successful during my job interview at A. K. Finance. ”

I wanted to improve my overall skills, hence I decided to join the course after ensuring that it wasn't a burden on my parents nor affected the daily responsibilities I had around the house. I was explained in detail about the course, its benefits, and expectations, and how it can help me improve my skills. I made it a point to actively participate in all the activities conducted during the training sessions like group discussions, mock interviews, team activities, etc. with regular attendance. These activities helped me improve my interpersonal and communication skills. During the training, I was very curious about the banking and finance sector and recognized it as my main area of interest.

I feel elated with the job opportunity I have received. I now work at A.K. Finance as a Sales Executive with a salary of INR 1,20,000 per annum. The best part about my job is that I get to learn new things every day. I just love working here. This kind of package and money is what my parents had never seen in their life put together all at once is what they said and we all laughed about it!

- TEJASWANI AHER

I am Tejaswini Aher and I live in **Aurangabad**. I come from a lower middle-class family consisting of 4 members. Since I was a fresher and did not have any practical experience, I was worried about finding a good job opportunity during pandemic. Since my childhood, I had big dreams! Dreams of working in a corporate, being a Leader with multiple people working in my teams and eventually being published in a newspaper for some or all of my achievements! Everything seemed to go as planned before the pandemic when I was completing my graduation but when the lockdown happened and world changed around all of us, I was worried about my career and the future as well. I read in newspapers that many people were losing their jobs. I wanted to support my family but was not sure how. I did apply for lots of available jobs even if not interested in that sector or field because I wanted a job so desperately. One day, my friend's sister informed me about the EduBridge courses and their benefits after which I decided to get myself enrolled at the Standard Chartered Career Academy. I was explained about the course contents, its benefits, and how it can change my life once the course is completed.

After initial assessment during the start of the course, I was informed that my communication skills were weaker, maybe because of which I might have faced issues in past interviews. I am otherwise a very energetic person. I always find ways to make life interesting and learn new things to upgrade myself. I took this as a challenge and planned to work harder to change this. The course offered by Standard Chartered Career Academy and EduBridge guided me all the way and helped me move a step ahead in my career plans.

“My confidence increased over time as we had more and more practice and interactions with Guests from other corporates too. I have now become an even stronger person; both professionally and personally.”

I was a very dedicated student throughout the training program with 100% attendance and the one who submitted all the assessments on time. During the training, I practiced and improved on my communication as well as computer skills and also worked very hard on domain related concepts too. My confidence increased over time as we had more and more practice and interactions with Guests from other corporates too. I have now become an even stronger person; both professionally and personally. I now have the capacity and confidence to think out of the box.

Now I work as a Sales Executive in AK Finance with a package of INR 1,20,000 per annum. I am super confident about achieving something big in life now going forward and making my parents proud by supporting them financially and emotionally.

- ABID KHAN

I am Abid Khan and I live in **Mumbai** with my family. My father is a fruit vendor and my mother has been a good housewife. My family's financial condition was difficult and my salary was also very less. Amongst these hardships, the pandemic hit and my father could not earn anymore. Even though I have ample prior work experience, I was struggling to get a better package and was constantly worried about what was in store for me in the future. Through one of my friends, I learned about the BCBF program offered by Standard Chartered and EduBridge.

Coming from a poor family who was worst affected during the pandemic, I could not even afford to pay the course fees. However, I was determined to change my and my family's life and so I sought help from my relatives and eventually got myself enrolled into the program. I was hoping to start fresh and had heard good things about EduBridge programs in the past, from my friends. I will be honest, it was initially tough to cope up and pay attention since it had been sometime since I actually sat and studied for something. I still was skeptical on how all this would help me through online training but I had to try. I reminded myself of the current family situation and so was motivated to go all in and complete this one!

“The trainers helped me not only improve my domain related knowledge but also my communication. It got interesting as we progressed into the training and I sincerely learned all the concepts in detail.”

Trainers first helped us in overcoming mindblocks regarding online training. Irrespective of this mode of training, the content and activities kept us all engaged during the sessions. The trainers helped me not only improve my domain related knowledge but also my communication. It got interesting as we progressed into the training and I sincerely learned all the concepts in detail. I worked harder and appeared for all the assessments and mock interviews.

After the course completed, I was interviewed at Piramal Group for the position of Sales Officer through Teamlease Services Ltd. I impressed the recruiters and managed to crack the interview. I now work as a Sales Officer and my current annual package is INR 1,92,000 which not only meets my expectations but also makes my family proud of my achievements. All my hard work finally paid off! I am ecstatic! I am more than happy with my current job. I am able to manage my finances and support my family in a much better way.

COURSE ENROLLED: Business Correspondent and Business Facilitator

PLACED WITH: **PIRAMAL GROUP**
DESIGNATION: **SALES OFFICER**
JOB LOCATION: **ANDHERI - MUMBAI**
ANNUAL SALARY OFFERED: **₹ 1,92,000**

- KRISHNAPAL SINGH

I am Krishnapal Singh from **Pali, Jaipur**. I am an undergraduate and have just recently completed my HSC. My father is a Government servant and my mother is a housewife. I was in a fix since I didn't want to do a full time regular Graduate course. I didn't know what field I wanted to work in but I knew for sure that I didn't have the will to study for 3 more years to graduate. I was looking at other options like Diploma or short term courses which could help kick start my career. That's when I stumbled upon an advertisement in a local newspaper and learnt about the Business Correspondent Business Facilitator course offered by the Standard Chartered Career Academy. Standard Chartered is a brand name in the Banking world and this somehow appealed to me. I thought maybe through this program I might get a job in a similar large brand someday.

I have always struggled with anxiety issues. I never liked to be someplace alone or be in a crowded place. I didn't know what it was back then but knew that I couldn't go to the Academy alone or do the course on my own with new people around me in class. So I decided to speak to some of my friends and try to inquire about the program to start with. And if some of my friends agreed, we could all enroll there together. 2 of them eventually did end up enrolling and all 3 of us started the course together.

“Through the various interactive fun activities, I learnt how to conduct myself in front of people, how to interact and start a conversation. I was able to name this issue as “Anxiety” and read more about it online. I also discussed this with my trainers who assisted me by easing me into situations to make me more comfortable.”

After completing the training program, I changed drastically not only on the professional front but also in my overall personality. Through the various interactive fun activities, I learnt how to conduct myself in front of people, how to interact and start a conversation. I was able to name this issue as “Anxiety” and read more about it online. I also discussed this with my trainers who assisted me by easing me into situations to make me more comfortable. It wasn't easy but I hardly noticed that these activities were helping me slowly break the pattern and be less anxious as time passed.

I am now a super confident professional, working as a Branch Relationship Executive with Kogta Finance in Pali itself. I now earn INR 2,50,000 per annum and am looking forward to other exciting career growth opportunities ahead in Kogta Finance. My friends also have been placed in other organizations and we all are very well settled now.

COURSE ENROLLED: Business Correspondent and Business Facilitator

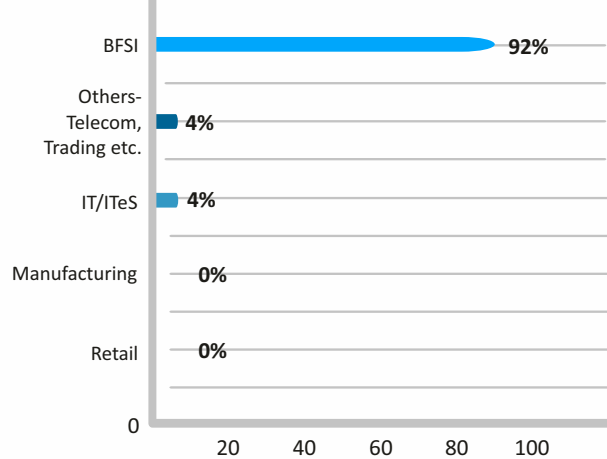

PLACED WITH: **KOGTA FINANCE**
DESIGNATION: **BRANCH RELATIONSHIP EXECUTIVE**
JOB LOCATION: **PALI - RAJASTHAN**
ANNUAL SALARY OFFERED: **₹ 2,50,000**
